

## Filipe Pinto

### Project Leader

VRCare

<http://www.vrcare.io>

### Bilateral Meetings

- Monday 14:30 - 18:00

#### Description

VR CARE aims at combining the most advanced Virtual Reality Technology and the best clinical and scientific knowledge about fear of flying treatment, bringing to you a successful and safe Virtual Reality Exposure treatment for fear of flying.

#### Organization Type

Company

Offer & Request

### Health, Mental Health, Biosignals analysis and Virtual Reality Programming

VR Care is a project that develops virtual reality tools to tackle health issues and uses biosignals to evaluate results. Thus, we have an experienced team of doctors, VR/mobile developers and bioengineers ready to collaborate with other projects but also eager to learn new tools and methods.

#### Cooperation Offered

1. Outsourcing co-operation
2. Technical co-operation

#### Cooperation Requested

1. Technical co-operation
2. Investment/Financing
